

GLOBAL PERM NW

Partnering to build healthcare capacity worldwide

Insurance for Professional Liability

If you accept funding from Global Perm NW for a project that includes direct patient care performed by you, we require that you have professional liability insurance. For patient care within the U.S., we do not have a recommended insurance agency. For international liability coverage, we recommend Gallagher Charitable.

Insurance for International Travel

If you accept funding from Global Perm NW for international travel, we require confirmation of insurance for emergency medical care/emergency evacuation. Several vendors can provide this type of coverage.

Insurance for Trip cancellation and Lost Luggage

We do not require the purchase of insurance for the cost of your ticket or lost luggage.

Gallagher Charitable for International Global Health Work

Gallagher Charitable has [a program for medical professionals who volunteer internationally](#) that bundles both kinds of required insurance: professional liability insurance and medical/evacuation insurance. When you sign up for coverage with Gallagher, please also request organizational coverage and list Global Perm NW as the sponsoring organization.

[Gallagher Charitable](#) can also provide medical/evacuation coverage without medical professional liability.
